«Fortress for Ukraine»:

standing together for freedom, safety and human dignity

Across Europe, many people are coming together to support Ukraine in its struggle for freedom. When the focus is on saving lives, there is no room for competition. True strength comes from working together and collaboration is stronger than rivalry. One example of such collaboration is **«Fortress for Ukraine»** (Fort4UA) and **«Eyes on Ukraine».** The philosophy is committed to helping Ukrainians who are fighting every day for freedom, safety and dignity, not only for Ukraine, but for the whole of Europe.

The fundraising is united to help as many units as possible. Solidarity is more important now than ever. With growing challenges and uncertainty worldwide, Ukrainians at the frontline need more than words of encouragement. They need real and practical support.

What «Fortress for Ukraine» (Fort4UA) does

«Fortress for Ukraine» works with volunteers and trusted partners to provide humanitarian and protective support directly to those in need, making sure every donation is delivered in Ukraine. The aim is to bring communities together raising funds and awareness, but also sharing authentic updates and stories from the frontline. Every donation is carefully documented and reported. Supporters receive updates, photos and clear reporting so they know exactly how their help is being used. **«Fortress for Ukraine»** and **«Eyes on Ukraine»** only work with reliable networks in Ukraine ensuring aid reaches the right people.

Thanks to donations, we and our partners deliver:

- **Protective equipment:** drones, nets, radios, thermal imaging cameras and other tools to protect lives.
- **Medical aid for the frontline:** (evacuation) vehicles, tourniquets, generators, power stations.
- **Civil-military emergency aid:** medicine and bandages.

It is about survival, self-defense and saving lives.

Our soldiers are defending not only Ukraine. They are standing guard over European values and our shared future

A Volunteer with Ukraine in Her Heart: Iryna's Story

Iryna is a Ukrainian who has lived in the Netherlands for over 30 years. She has a Master's degree in law, but by calling, she is a volunteer. From the first days of the full-scale invasion, Iryna helped Ukrainian refugees. Later, she focused on supporting the military. She coordinates information about the needs of different units to make sure help arrives quickly and accurately.

Under the name **«Fortress for Ukraine» (Fort4UA)**, Iryna together with partners organizes fundraising projects, brings together the Ukrainian diaspora and friends of Ukraine in the Netherlands, takes part in charity events and helps provide our defenders with everything they need.

Every Saturday, Iryna also dedicates her heart to children at **«Kryla»** club (founded by the **«Ukrainian House»** in Maastricht), a place where young Ukrainians in the Netherlands can keep their language, culture and sense of home.

At present, she is on the front lines, a place where danger is felt every minute and the work requires not only determination but great courage. It is a challenge not for everyone, but Iryna chose to be where her help is needed most. She collects up-to-date information about the needs of soldiers on the front line, finds out what is most lacking in the positions and medical units, delivers necessary supplies, visits wounded soldiers and supports them during recovery.

How you can help?

Do you share these values of freedom, democracy and human rights? Do you want to make a direct difference in the lives of Ukrainians?

Support **«Fortress for Ukraine» (Fort4UA)**!
Every euro, every action, and every gesture of solidarity helps protect and save lives.
